## ABOUT

### The Most-Awaited Tech Event Of Bhopal

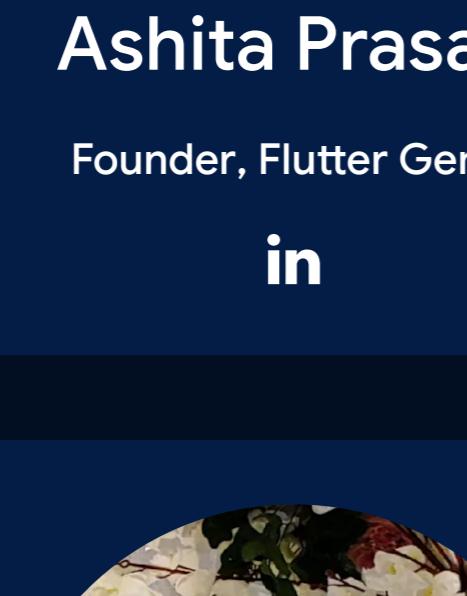

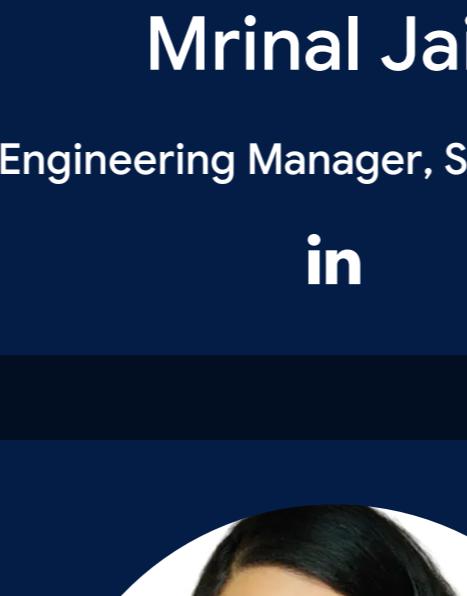

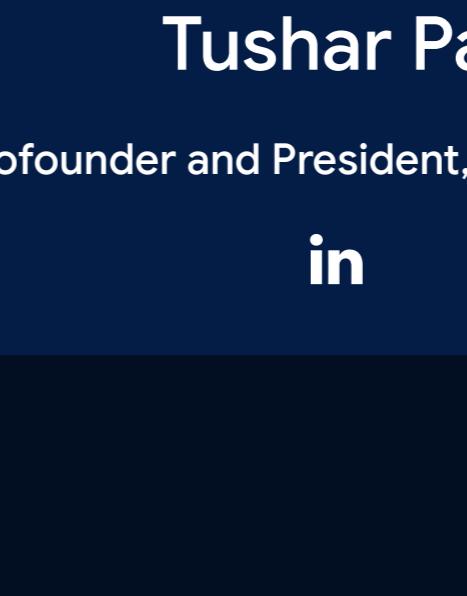

DevFest is an annual decentralised tech conference hosted by Google Developer Groups across the globe. 2023 will be the 12th year of DevFest which marks the beginning of the second decade of the GDG community.

This DevFest will be an achievement for the GDG Bhopal Team as we are all set to host the 500+ developers.

TOPICS

## Tracks

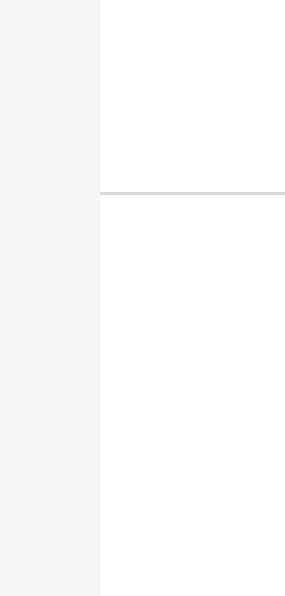

We are excited about the following tracks which have enabled developers around the world in 2023.

**Web @devfest****AI / ML @devfest****Android @devfest**
